"Our goal is to provide a safe, fun, family atmosphere for performance powerboating enthusiasts to enjoy and to promote safe and responsible operation of our vessels at all times, while building community goodwill for performance powerboaters through charitable functions, aiding in the protection of our waterways and demonstrating responsible behavior while boating."

Dear Friends...

In this 2009 inaugural boating season, the SMLPBA is getting well deserved attention from local TV and newspaper media for our support and involvement in making SML as safer more enjoyable place for all. You will see the SMLPBA assisting with many voluntary fun and educational programs throughout the year. All activities would have the focus on safe and fun boating.

The SMLPBA is also finalizing a massive event's schedule to include both nationally & locally recognized events, all of which can be viewed at www.SMLPBA.com

The SMLPBA is continuing to align ourselves to work cooperatively with the DGIF, USCG Auxiliary, & other local law enforcement to support a safer more enjoyable lake for all.

In order to maintain our objective, we need local and national sponsor support.

SPONSOR PACKAGE COST: \$500.00 TAX DEDUCTIBLE
